

# ALGER COUNTY COMMUNITIES THAT CARE

**Mission and Goal:** - "Alger County United and Thriving: *Promoting a safe, healthy and prosperous environment for all youth and adults.*"

Hello,

Our Alger County Community That Cares (AC3), Adult Needs Group, has been busy fundraising (through a calendar sale) for money to assist those who have chronic and/or emergency medical needs. Specifically, we have chosen to **purchase bus tickets and gas cards** for those who need to travel to medical appointments, but cannot afford to do so without financial hardship. This would also include individuals seeking substance abuse assistance-Angel program, individual/group treatment and domestic violence services-Harbor House, individual/group treatment.

As a community provider, we are alerting you to this opportunity, as you likely have knowledge about who can benefit. We would advise that many people may have a transportation benefit through UPHP, or Medicaid, but understand that there are times when the nature of an illness does not meet their advance notice (5 days for UPHP) requirements. However, we mostly want to assist those who "fall through the cracks" and do not qualify for medical insurance assistance, or are in crisis.

Kris Lindquist, Director of Commission on Aging, has agreed to manage and distribute the gas cards and bus tickets. She can be contacted by calling 387-2439. If no answer, please leave a message, as messages are periodically checked after hours and weekends.

We hope this service will be helpful in assisting our Alger residents in having their medical needs met.

If you have any further questions, please feel free to call or email [algercountctc@gmail.com](mailto:algercountctc@gmail.com) for more information.

Sincerely  
Alger County Communities That Care
